

Am I eligible for a Y Assisted Membership?

The YMCA-YWCA believes that no barrier should stand in the way of all of us getting stronger, together. YMCA-YWCA donors and partners help make this possible. If financial circumstances or a permanent disability are limiting your ability to participate, you may be eligible for a Y Assisted Membership.

You are eligible if,

You are a family or individual who is unable to pay the full cost of a membership or program. Every family or individual pays a portion based on their household income and family size. This amount is determined using the government's Low Income Cut-Off Chart (LICO) as a guideline.

For example:

- o An individual with an annual income of \$15,000 or less would qualify.
- o A family of 4 with a household income of up to \$43,000 would qualify.

OR

You are eligible if,

You are an individual with a permanent mental or physical disability. Should you require some assistance, we are pleased to allow a support worker to attend the facility with you. The support worker's role is to ensure that you are assisted at all times while attending the facility. They are not permitted to attend classes or use the facility for their own benefit.
